			\$4,000 - \$6,000	.10%	.10%				
			\$6,001 +	.15%	.15%				

Truth-in-Savings Disclosures: The following disclosure applies to all of the accounts unless otherwise stated:

Joint Accounts: If you are joint on any share savings or draft account (i.e.: you and another share the same account number), you are joint on all share savings and draft accounts associated with that account number.

- A. **Rate Information.** The dividend rate and annual percentage yield (APY) on your accounts, as of the effective date, are stated above. The dividend rate and APY may change, without notice, at the discretion of the credit union's Board of Directors. Please call (757) 410-2000 to obtain current rate information. The APY is a percentage rate that reflects the total amount of dividends to be paid on an account based on dividend rate and frequency of compounding for an annual period.
- B. **Nature of Dividends.** Dividends are paid from Credit Union earnings (past and present) after required transfers to reserves at the end of the dividend period. The dividend rate and APY are the anticipated rates and yields the Credit Union will pay for the applicable dividend period.
- C. **Balance Method.** Dividends will be calculated on the account's average daily balance.
- D. **Compounding and Crediting.** Dividends will be compounded and credited as stated above. The dividend period for each account is stated above. The dividend period begins on the first calendar day of the period and end on the last calendar day of the period (e.g., January 1st and January 31st, respectively, for the monthly dividend period).
- E. **Accrual of Dividend.** Dividends will begin to accrue on cash and noncash deposits on the business day you make the deposit to your account unless otherwise disclosed to you at the time of deposit.

For all the accounts set forth above, if you close your account(s) before accrued dividends are credited, accrued dividends will NOT be paid.

- F. **Balance Information.** The minimum balance required to open each account is stated above. Dividends are calculated by applying a daily periodic rate to the principal balance in the account each day.
- G. **Limitations.** *Reg D:* All share savings accounts are subject to Regulation D withdrawal limitations, (except share draft accounts and IRAs, in which IRA distribution rules apply). No more than six (6) pre-authorized, automatic or telephone transfers may be made from these accounts to another account of yours or to a third party in any one month. If you exceed 6 withdrawals, your account may be subject to a fee or if your account is set to transfer, the transfer may not occur. For IRA limitations please see separate federal disclosures pertaining to IRAs.

Abuse: We reserve the right to limit services to no more than a \$5.00 share account balance for abuse and/or discovery of deliberate manipulation of funds to the detriment of the Credit Union and its membership. "Manipulation" includes, but is not limited to false statements regarding deposits, withdrawals, and transfers; kiting and repeated patterns of transactions or transfers that have no apparent reason, to the detriment of the Credit Union. "Abuse" includes, but is not limited to writing and presenting numerous checks which cannot be paid due to Non-Sufficient Funds (NSF), returned deposits, repeated overdrafts, and deposits of fraudulent and counterfeit instruments.

- H. **Cash Withdrawal Limitations.** Cash withdrawals at the drive thru are limited to \$2,500.00. Any cash withdrawal needs exceeding this threshold will have to be requested and processed in the branch

lobby. Cash withdrawals are limited to \$15,000.00 at one time. For cash withdrawal requests exceeding this threshold, proper procedures must be followed to request an order, which include putting the cash withdrawal request in writing and allowing the necessary amount of days to receive the order.

- I. **Fees for Shared Branching.** NAE members are allowed two free transactions per month at a participating shared branch location. All other transactions at participating shared branch locations will incur the current shared branch transaction fee.
- J. **Fees for Overdrawing Accounts.** An Overdraft Privilege Pay (ODP) fee may be imposed for overdrafts we pay, created by each share draft or by other electronic means, drawn on an insufficient account balance; and if you have opted in for ATM/Debit card withdrawal and debit card point of sale purchase ODP service. If we have approved an overdraft protection limit for your account, such fees will reduce your approval limit. The Credit Union may charge an ODP fee for each item it pays and charge no more than (5) five fees in one day. If your account is overdrawn for 5 or more consecutive business days we may charge an additional \$5 per day fee. To continue receiving the overdraft privilege, account balances must be brought to a \$0 or positive balance within 30 calendar days of incurring a negative account balance. The Credit Union may choose to not apply the Overdraft Privilege to members who have outstanding charge-off accounts, past due accounts, bankruptcies, accounts with returned mail, dormant accounts, accounts opened less than 180 days, and business, minor and public funds accounts.
